FRANKFORT, NOV. 4, 1905

UNUSUAL EVENT.

Twenty-five Years of Faithful Service Gratefully Recognized.

On Wednesday evening last Dr. U. V. Williams rounded out twenty-five years of faithful and efficient work as Superintendent of the First Baptist Church Sunday-school. On November 1, 1880, Dr. Williams was first elected to that position, and from that day to this he has been vigilant, faithful, earnest and successful in the great work laid upon him.

In recognition of that fact, after his re-election for the 26th time, on Wednesday evening, a reception was held in the chapel of the church. There was a large and representative gathering of the teachers and scholars of the Sunday-school, members of the church and other friends of the beloved physician.

After the adjournment of the annual business meeting of the church (at which the officers were chosen for the ensuing year), the audience were invited into the chapel, where Dr. Williams received the congratulations and best wishes of all present. In the receiving line with him were Mrs. Maria L. Campbell, Mrs. C. J. Berry, Mrs. W. J. Hughes and Mrs. Ada Garrett.

After all present had saluted the doctor, the audience was called to order, and in a few words Rev. Dr. M. B. Adams (for eight years pastor of the church) testified to the faithful and loving work done by Dr. Williams, and, as the representative of the Sunday-school, presented him with a handsome loving cup of chased silver, lined with gold, bearing this inscription:

"Presented to
"Supt. U. V. Williams
"By the Sunday-school of
"The First Baptist Church
"Frankfort, Ky.

"1880. 1905."

Dr. Williams was taken completely unawares, as he only knew that he was to be given a reception, but did not know that he was to receive this token of regard. His emotion overcame him to such an extent that he could only express his heartfelt thanks for the gift and his sense of unworthiness of the expressions of regard. He, however, paid a tribute to the faithful work of all connected with the school, which he had seen grow from a small band to a strong organization. In concluding his plea, for the future, the more earnest support of the parents and guardians of the children and other friends of the school, assuring them that the work was enlarging and widening all the while.

After the addresses, the ladies of the church and Sunday-school served a delightful lunch of cho-

Deadly

Grasp of Grip Prostrated Me.

Dr. Miles' Nervine Built Up My

Shattered Nerves and Gave Me an Appetite.

Of the millions of people, who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest ebb. If LaGrippe has left you with a shattered nervous system, with loss of appetite, lack of energy, insomnia, frequent headaches and morbid tendencies, you should strengthen the weakened nerves with Dr. Miles' Nervine. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe. I suffered several weeks with it, and nothing I tried seemed to benefit me in any way, shape or form (I suffered almost death) and finally my daughter recommended Dr. Miles' Nervine to me and I can truthfully say from the first day I felt better than in weeks. It gave me relief, built up my shattered nerves and gave me a splendid appetite. I cannot speak too highly of it and want to say, each and every one who has suffered from LaGrippe will find instant relief by getting a bottle of Dr. Miles' Nervine. Insist on having it and take no other. It is simply splendid. Hoping this will benefit some poor sufferer I remain,"

—Mrs. GEORGE B. HALL, Jackson, Tenn.

late, coffee and sandwiches, which was heartily enjoyed.

The reception lasted until 10 o'clock, and the occasion was made more enjoyable by delightful music furnished by the Frankfort Orchestra.

It is but seldom, if ever, that one man holds the position of Superintendent of a Sunday-school for twenty-five years, as in this case. What marvelous events have happened in both the outside world and the church since this service first commenced.

Dr. Williams has seen the First Baptist Church grow from about 200 members to 750, and the Sunday-school from 116 to nearly 600 (much the larger number of additions to the Church have been from the Sunday-school, and he has been a prevailing factor in it all).

His record is one of which any man may be proud.

A CREEPING DEATH.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all druggists.

COAL IN THIS COUNTY.

It may not be generally known, but there are outcroppings of canal coal upon several farms in the southwestern part of this county, near Alton. The vein, which is a thin one, was worked to some little extent in one or two places a few years ago, but the drainage was so bad that the effort was abandoned. An experienced miner might be able to develop a mine out there which would prove profitable.

RESUMED FOR SEASON 1905-6.

The Old Taylor Distillery, No. 53, of Messrs. E. H. Taylor, Jr. & Sons, made the first mash of the season on Wednesday, November 4th. This house makes only first-class goods, and will operate from now on until the season ends next spring.

The distillery of John T. Barbee & Co., No. 32, in Woodford county also made the first mash of the season on Wednesday.

OPENED UP FAIR.

November is usually characterized as "dark and gloomy November," but the month opened on Wednesday clear, bright and crisp. Hope it will continue.

IMPORTANT NOTICE.

The butchers of this city, by agreement, will hereafter close their meat markets on Sunday morning. Housekeepers should govern themselves accordingly.

ANOTHER HORRIBLE DEATH.

Another accident which shocked our community occurred on Saturday morning early. A man, whose identity was unknown for several hours, was run over by a freight train on the L. & N. railroad, near the Spring Hill Distillery, about daylight. The body was literally ground up. The head was cut off and mashed as flat as a board. The body was cut into fragments, and the clothing into shreds.

The remnants of the man were gathered up, taken in charge by Coroner Graham, and carried to his undertaking establishment.

Hundreds of people viewed the remains in hopes of identifying the man. Late in the day it was conceded that they were the remains of a man by the name of James Blackerby, a tenant on the farm of Mr. Gilbert H. Mastin, who lived some two or three miles from the city. He leaves a wife and one child.

The remains of a whisky bottle in his pocket told the tale, and added another victim to the drink curse.

The remains were buried Sunday afternoon.

FRANKFORT BOY SUCCEEDING.

We are glad to note that Mr. Clarence T. Jones, who is following the avocation of an architect, at Columbia, S. C., is making good.

The firm, of which he is chief draughtsman (Messrs. Edwards & Walter), have had their plans accepted for the new Florida University.

There is quite a lengthy description of these plans in a recent issue of the Florida Times-Union. The whole is a very complimentary showing for the firm and, of course, for our young friend.

TERRIFIC RACE WITH DEATH.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and to-day I am cured of all my troubles." Guaranteed at all druggists; price 50c.

SATURDAY NIGHT'S FIRE.

An alarm from box 16, at 7:20 on Saturday night, called the department to the house of a colored man named James Taylor, on Logan street (more familiarly known as Paw Paw Chute). The whole gable end of the house was destroyed, involving a loss of some \$200. The family were over in the city when the trouble happened.

The building belonged to Mrs. Carrie Nall, widow of the late James Nall.

ELECTED REGISTRAR.

At the recent meeting of the United Daughters of the Confederacy, at Bowling Green, Mrs. Nellie Steadman Cox, of this city, was elected Registrar. It was an honor worthily bestowed.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer clime, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists, 1 yr.

WANTED—By Chicago wholesale and mail order house, assistant manager (man or woman) for this county and adjoining territory. Salary \$20 and expenses paid weekly; expense money advanced. Work pleasant; position permanent. No investment or experience required. Write at once for full particulars and enclose self-addressed envelope. THOMAS J. COOPER & CO., 4-10t 132 Lake St., Chicago, Ill.

Pleasant to take.

LYON'S Laxative Syrup.

FIFTY CENTS

IN some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.
